

Falcon College Newsletter – Term 2, 2025

As Term 2 gains pace, there's great energy across campus. Students and staff are embracing fresh challenges in academics, sport, and beyond. Here's a quick snapshot of what's been happening:

Academics

- **Astra Academy:** Our 2025 students continue to embrace the programme with enthusiasm. While still in the pioneering phase, they are fully engaged in all aspects. Interest from outside the College is growing, and we are actively developing the curriculum for the 2026 intake.

The Astra Academy Mid-Year Report

Hands-On Learning Beyond the Classroom

Astra Academy students have embraced experiential learning through farm work, trade skills, and industry visits. At the college farm they raised and processed livestock (ostriches, chickens, pigs) gaining firsthand animal husbandry and food production knowledge. They also mastered construction, plumbing, and metalwork skills and helped the ground staff prepare the sports fields. Off-campus trips to a gold mine, pig farm, beef stud farm, and poultry operation provided real-world insights.

Classroom learning complimented these activities with a labour management course, first aid certification, and preparation to re-write IGCSE Maths.

This program bridges classroom theory with real-world skills, fostering resilience, responsibility, and career readiness—an education designed to prepare students for any future.

- **Academic Consultancy:** Lorraine Hill has completed her first round of staff appraisals and introduced new systems for academic tracking and accountability. She is also exploring the use of AI and remote learning tools to enhance classroom delivery — including the exciting possibility of “Classrooms on Wheels” to support learning during bus trips.

- **Exam Preparation – NUST & Hillside:** University lecturers from NUST and Hillside Teachers Training College are now supporting our exam students with targeted revision, working closely with our teachers to strengthen their academic outcomes.
- **Staff Development:** Consultant Brad Keller from Keller Education in South Africa, led a workshop on AI integration and student engagement. Teachers are now equipped with tools to make lessons more dynamic and interactive.

Campus Developments

- **Astro Turf:** The turf and lighting installations are nearly complete. We aim to host the Peterhouse and Convent matches on the new pitch on June 6th and 7th.
- **Boreholes:** Six new boreholes have been drilled — two sponsored by a parent, one by a Falconian, two by Lime Mining, and one funded by the school. Piping is underway, and we aim to connect them to our water system within the next 10 days.
- **Chemistry Lab:** A full lab upgrade was completed, thanks to a generous Falconian donor.
- **New Classrooms:** Two classrooms have been added with Smart TVs.
- **New Field:** The newly seeded sports field is growing well and will hopefully be ready for use in Term 3.
- **Solar Farm:** Although there have been delays, the solar system is now nearing completion and will soon provide reliable, cost-effective power across the campus.

Special Visits & Events

- **Jackie Cameron Visit:** The well-known chef visited to present culinary career paths and options for post-school study.
- **Ele-Collection Visit:** Next week, Ben Norton from Victoria Falls will present on plastic recycling, sustainability, and their impact on the environment and conservation — especially focusing on elephants. This promises to be a valuable learning opportunity for both our students and staff.

- **Inter-house Singing:** Rehearsals have begun for one of our most anticipated events, scheduled for the final week of term.

Sport

- **Winter Sports Season:** The winter sports season is in full swing, featuring competitive fixtures in hockey, netball, rugby, and soccer. Our teams are training hard, and school spirit is vibrant across all fields. Next weekend, we proudly host Peterhouse for boys' rugby, hockey, and soccer, alongside Harare Dominican Convent for girls' hockey, while also welcoming many Falconians back for Old Boys Day.

Welcome

We warmly welcome Stuart Anderson and Rutendo Mudiwa to our staff. Stuart has joined us as the Oates Housemaster, and Rutendo will be starting next week as our new Travel and Tourism teacher.

Falcon Parents Assembly (FPA) – From Nikki Henwood

From the beginning of the year, we have been working on restructuring the former sportscom into what we have named the FPA (Falcon Parents Assembly).

Our committee is a dedicated group of parents, representing sport and culture, working closely with the school leadership to help build a strong, connected and supportive Falcon family. We look forward to engaging our Falcon parents too in creating a positive and exciting environment for our students, and having fun along the way...

Our goal is to:

- Strengthen communication
- Support school initiatives and projects
- Fund-raise, Fun-raise and Friend-raise!

We have a few big sports meets this term and would always welcome help from parents in any form of:
– time or donations, please contact Antonia Butcher (0772673194) for details.
- Nikki Henwood – (0772 240 201) - (Chair)

First Aid Certificate

Paida Tawanda Denhere, Skyla Jane Schoultz, Mitchell Stanley, Jade Stockil, Zoe Betty Whaley, Gerald Anotidashe Zhou, Oliver Robin Zietsman.

CLUBS

MUN report – (Chisipite MUN Conference)

The conference was a wonderful learning experience for all the Falcon delegates attending. Majority of the delegates engaged in fruitful debates embodying the theme on how the youth can spearhead positive change. A notable highlight was Musawenkosi Gwizi passing his first amendment in GA3. It was truly commendable to see all the delegates push themselves to be engaged in the debates, particularly as it was the juniors' first conference experience.

Falcon College Interact Club Donation Visit:

The Falcon College Interact Club recently carried out a meaningful outreach initiative, visiting Mvuthu and Mawabeni Secondary Schools to donate textbooks and clothing. The donated books, many of which were allocated to enhance school libraries and Geography departments, will go a long way in supporting learning and broadening access to educational resources. In addition, the clothing donations were gratefully received by both school communities.

Address: Falcon College, Whites Run Road, ESIGODINI, Zimbabwe

www.falconcollege.com

The staff and students expressed sincere appreciation for the generosity shown. It was a powerful reminder of the difference small acts of kindness can make. We are proud of our Interact Club members for their initiative, teamwork, and strong sense of social responsibility – values that truly reflect the Falcon College spirit.

Inter-schools Public Speaking competition:

Turner Hall buzzed with energy as Public Speaking students took the stage. Congratulations to Petra (1st), Dominican Convent (2nd), and Masiyephambili (3rd). Falcon placed 4th but stood out for producing the best speech write-ups. Many thanks to the adjudicators Mr. Moyo and Mrs. Mlotshwa for their valuable guidance and support.

Mountain Bike Club:

The Falcon Mountain Bike Club took part in the Kusahnya challenge in Nyanga on Sunday. The team completed a 26km loop under very challenging weather conditions. All team members completed the challenge and represented the College with pride at a well-attended public cycling event.

SPORTING

Hockey

Congratulations to the following Hockey boys who made Matabeleland U17:

U17A side – Luke Rosenfels, Bongani Sambo, Tyrese Mukotekwa, Benjamin Mwango, Christopher Thomas, Taropafadz Mukuri, Paul Henwood

U17B side – Ryan Ncube, Seabo Rammidi, Hayden Johnson

Congratulations to the following hockey girls selected for Matabeleland U18:

Matabeleland U18A - Janelle Wightman, Jennifer Van der Merwe, Courtney Stockenstrom, Kerry Jarman, Sarah Henwood, Kodie Hale, Hannah Godfrey, Jodi Bawden, Jodie Anderson, Ilayah Afzal

Matabeleland U18 B - Zara Zietsman, Skylar Schoultz, Baelyn Butcher, Imaan Afzal

NTR Nandipa Mutimbili

Tel: +263-867700468

Address: Falcon College, Whites Run Road, ESIGODINI, Zimbabwe
